

Ifö Electric in Bromölla, on the border between Skåne and Blekinge, by the beautiful Ivö lake, has concentrated on ceramics – Nature's own material – for more than 100 years. After decades in the grip of plastic and metal, both electricians and end-users have discovered the superior properties of ceramics. Easier to keep clean, longer lifespan, enhanced resistance to heat, not prone to discolouring and also withstand damp, cold and aggressive environments.

BernadotteTM 2 x 40W IP20

<i>Use</i>	Ceiling/wall
<i>Material</i>	Glazed porcelain
<i>Base</i>	Straight
<i>Height</i>	300 mm
