

Ifö Electric in Bromölla, on the border between Skåne and Blekinge, by the beautiful Ivö lake, has concentrated on ceramics – Nature's own material – for more than 100 years. After decades in the grip of plastic and metal, both electricians and end-users have discovered the superior properties of ceramics. Easier to keep clean, longer lifespan, enhanced resistance to heat, not prone to discolouring and also withstand damp, cold and aggressive environments.

Cool™ IP44

Use Ceiling/Wall
 Height 65 mm
 Diameter 120 mm
 Lamp holder GX53
 Effect Max 9W
 Class IP44
 C/C dimension 70 mm
 Light source Not included
 Connection Base lead-in

Design: Håkan Svennesson
