

Ifö Electric in Bromölla, on the border between Skåne and Blekinge, by the beautiful Ivö lake, has concentrated on ceramics – Nature's own material – for more than 100 years. After decades in the grip of plastic and metal, both electricians and end-users have discovered the superior properties of ceramics. Easier to keep clean, longer lifespan, enhanced resistance to heat, not prone to discolouring and also withstand damp, cold and aggressive environments.

Light On Halogen™ IP44 12V

Use	Ceiling
Base	Straight
Base Ø	100 mm
Height complete	115 mm
Lamp holder	GU5,3 – 12V
Effect	50W
