

Ifö Electric in Bromölla, on the border between Skåne and Blekinge, by the beautiful Ivö lake, has concentrated on ceramics – Nature's own material – for more than 100 years. After decades in the grip of plastic and metal, both electricians and end-users have discovered the superior properties of ceramics. Easier to keep clean, longer lifespan, enhanced resistance to heat, not prone to discolouring and also withstand damp, cold and aggressive environments.

The Crystal "Koppen & Pigg" crystal chandelier

Fits light fitting Opus 120 Clear glass

E No	75 308 49
Product No	6303-10

S No.	4112882
EAN No.	7312906303103

**The Crystal "Koppen & Pigg"
crystal chandelier**

Simple mounting.

The figure shows the complete light fitting

The Opus 120 light fitting in clear glass design is ordered separately and is available with a white, grey, brown and black base. See own PDF.

Opus 120 has protection classification IP54 implying that it may be ceiling-mounted in a shower or outdoors etc. The globe with a screw thread and silicon seal protects the prisms against dirt and moisture.

In combination with the beautiful prisms, the Opus 120 crystal chandeliers constitute a restrained elegant solution.

Select the correct light source. An E27 tubular lamp, an E27 light bulb or a carbon filament lamp are recommended.

The colours shown above are not 100% correct due to printing technology reasons. See NCS table for correct base colour.
